This pro staff package is for your own use, or to sell or to give away at tournaments. It's all about promoting the products. This is the start-up package. In the next package you order, you can put together your own package of products that are suitable to your region and water type.

*The concentrated gallon makes 4 -32oz bottles of boat wax.

Note: This package is available to NPS members only. For more information on the products, go to www.peregrine250.com
